

APPLIED PHYSICS

TAILORED COURSE WORK

• 12 credit hours of tailored course work
 • 12 credit hours of industrial practicum
 • 12 credit hours of research

INDUSTRIAL PRACTICUM

• 12 credit hours of industrial practicum
 • 12 credit hours of research

RESEARCH AREAS

• Nanotechnology
 • Optics
 • Photonics
 • Quantum
 • Semiconductors
 • Sensors
 • Thin Films
 • Ultrafast Lasers
 • Waveguides

WHAT WE OFFER

- ✓ 12 credit hours of tailored course work
- ✓ 12 credit hours of industrial practicum
- ✓ 12 credit hours of research
