

This semester the CAS Graduate College Committee reviewed a total of 9 courses from 6 different CAS departments and approved 8 of them. One from GIA was returned to the proposer for revisions. We reviewed and approved proposals for two new dual degree MA programs, one in ESL/Spanish and another in ESL/French, and one program change in the MA in Religious Studies.

We are awesome. (You can leave that last bit out of the report since it's self evident.)

Best,

Julie
