- The pillars of national security and human rights, the direct threat to not only territorial integrity, TNR. These protections must take place not only the country as they also have a vital role to play in protecting citizens.
- Additional training is needed for law enforcement many tactics of transnational repression and when necessary, utilizing international mechanisms to

victims of TNR, including multilingual reporting, involved. recognizing transnational repression as a human must do more to shine an unrelenting light on repression wherever it occurs, without caveats, as undermines deterrence.
